ABOUT ME

Aspiring full stack web developer with hands-on experience in HTML, CSS and JavaScript. Passionate about building responsive, user-friendly web applications and continuously learning new technologies. Currently focused on strengthening Data Structures and Algorithms (DSA) to enhance problem-solving and backend development skills.

EDUCATION

B.E IN COMPUTER ENGINEERING

G.E.S R.H Sapat College of Engineering, Nashik | CGPA: 8.01
Aug 2024 – July 2027

DIPLOMA IN COMPUTER ENGINEERING

LOGMIEER College of Engineering, Nashik | Percentage: 87.77%
June 2021 – July 2024

SKILLS

Programming Languages:
- HTML
- CSS
- JavaScript
- C++
- C#.NET
- Java
- Python (Intermediate)
- PHP(Intermediate)

Tools:
- Git, GitHub
- VS Code

WORK EXPERIENCE (INTERNSHIP)

INDUSTRIAL TRAINING IN DESKTOP BAESD APPLICATION (C#.NET) | EMERGING TECHNOLOGIES   *(21 JULY 2023)*

- Developed and maintained Desktop based applications using C#.NET and .NET Framework.
- Developed a Desktop based food ordering system in C#.NET.
- Designed and implemented a project dashboard in C#.NET to organize and manage multiple tasks with a centralized interface and easy navigation

PROJECTS

Portfolio (HTML, CSS, JavaScript)

Designed and developed a responsive personal portfolio website using HTML, CSS, Bootstrap, and JavaScript to showcase projects, education, skills, and contact information. Implemented animations using AOS library and integrated a contact form capable of sending emails without backend using EmailJS. Focused on mobile-first design and cross-browser compatibility.

To Do List Website (HTML, CSS, JavaScript)

Developed a dynamic and user-friendly To-Do List application using HTML, CSS, and JavaScript to manage daily tasks. Implemented features like task addition, deletion, completion status toggle, and local storage to retain tasks across sessions. Focused on clean UI design, responsive layout, and efficient DOM manipulation.

Personal Expense Tracker (HTML, CSS, JavaScript)

Built a responsive Expense Tracker web application using HTML, CSS, and JavaScript to help users monitor income and expenses. Included features like transaction history, real-time balance calculation, and local storage for data persistence. Designed with a clean, intuitive interface and optimized for both desktop and mobile devices.

CERTIFICATIONS

- **Fundamentals of AI and ML**- Infosys Springboard | (8 June 2025)
- **Data Science Job Simulation**- British Airways, Forage | (17 June 2025)

LANGUAGES

Hindi, Marathi, English

ACHIEVEMENT

Completed Front-end Web Development Internship at 1stop.ai with successfully deployment of Personal Expense Tracker and To-Do List Projects.   (25 June 2025)
